

WHATEVER IT TAKES to BUILD GREAT FUTURES

**THERE MAY BE NEW NORMS,
BUT OUR MISSION REMAINS THE SAME!**

It is the mission of the Boys & Girls Club of Hancock County to provide a positive environment which seeks to inspire and enable all young people to realize their full potential as productive, responsible, and caring citizens.

FALL PROGRAMMING 2020

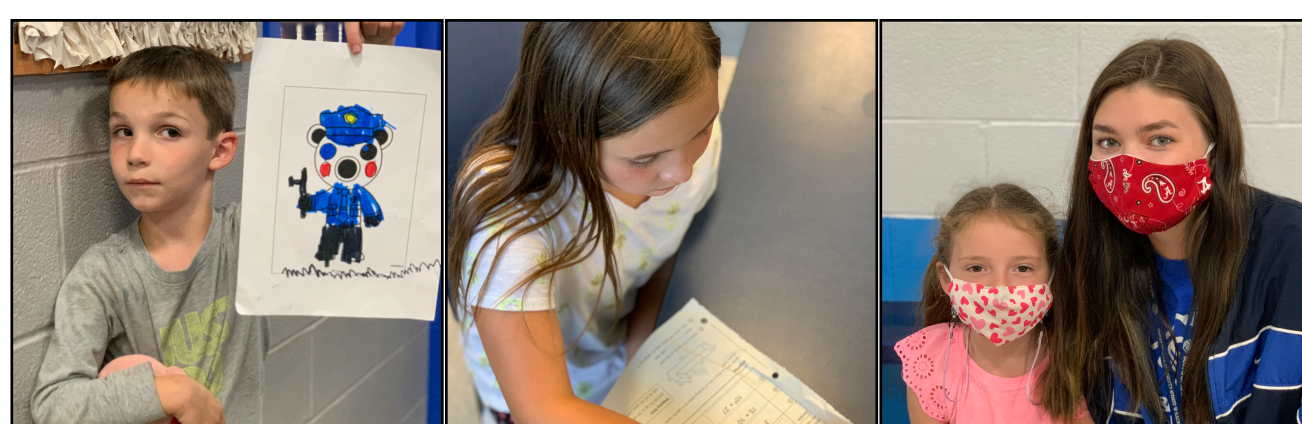

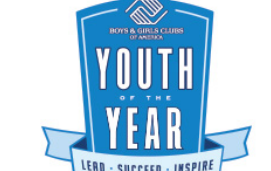

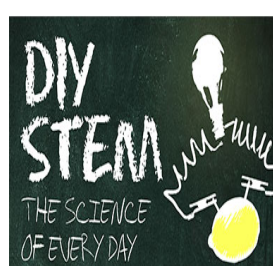

We heard our member families and their needs for us at this time - and because serving the youth in our community is our top priority, the Boys & Girls Club of Hancock County made the decision to remain open during the fall school semester to assist youth who were facing a hybrid school-based curriculum.

We were happy to serve the youth in our communities this past month. After a successful and COVID-19 free summer, the Boys & Girls Club of Hancock County confidently and safely opened our doors in August to serve youth during the traditional after-school day. Although, initially, the Club planned to serve a larger group of kids and families, we quickly responded to the changes in transportation to maximize the Club members we could safely serve.

Special THANK YOU to our Club staff for their efforts in ensuring the Club was ready to meet this challenge to safely serve the youth in the Hancock County community!

As the semester continues to evolve in the coming weeks and months, the Club remains committed to serving those who need us most!
